

Allround Floor Protection Mats

Roll

Simple. Effective. Versatile.
For Preventing Damage Professionally And A Greater Safety
On Smooth Surfaces In Foot And Vehicle Traffic Areas.

RAW® Allround Floor Protection Mat with barrier layer provides a greater safety on smooth surfaces in foot and vehicle traffic areas within workshops and production plants.

Features

- *For absorbing almost all common oils, coolants, lubricants, solvents and water-based liquids, such as acids and bases.*
- *Rapid removal of oil spills and leaks.*
- *3-ply construction prevents liquids from reaching the floor.*
- *Abrasion resistant top layer transporting liquids into the inside of the mat.*
- *Barrier layer with anti-slip properties preventing potential liquid leaks from reaching the floor.*
- *Slip resistance properties and also its capacity to withstand curling and buckling predestine the product even for long-term usage.*
- *Ensures maximum safety, cleanliness and hygiene of the workplace as well as an effective protection of waters.*
- *Reduced disposal costs thanks to low own weight.*

Item Data

Item	Roll
Item no.	66.40.31-E
EAN / GTIN	4052469007508
Packaging unit (PU)	Cardboard box
Unit / PU	1
PU / Pallet	12
Weight kg / PU	11

Technical Specifications

Raw Material	Polypropylene (PP)
Construction	3-ply, HeavyWeight
Colour	Black-grey
Dimensions	0,8 m x 30 m
Absorption capacity ¹⁾ litres / PU	103

¹⁾ The indicated values for the absorption capacity of RAW PP sorbent products relate to measurements according to RAW factory standard with a test fluid corresponding to the extra light heating oil of the LTWS No. 27 [LTWS = Lagerung und Transport wassergefährdender Stoffe = Storage and Transport of Water Pollutants] "Requirements for Oil Binders".
